THIS IS ROTARY INTERNATIONAL

The world's first service club was the Rotary Club of Chicago, founded in 1905 by Paul Harris. Today, Rotary is the largest volunteer service organization in the world. Rotary International has over 1.2 million business and professional leaders in over 34,000 clubs in 200+ countries. Rotary sees its mission as:

- Enhancing fellowship and respect among professional business persons;
- Recognizing and enhancing the worth and dignity of all useful occupations;
- Promoting and encouraging the ideal of service to local and worldwide communities;
- Advancing international peace and goodwill through the fellowship of business and professional people;
- Promoting the ideal of "Service Above Self" by giving of our time and talents to help our communities.

In the last thirty years, Rotary has donated over \$1.5 billion in its Polio Plus campaign to eradicate polio – and we are 99.9% there! Today, Rotary International is focusing on promoting literacy, potable water, and environment and infra-structure development concerns. Rotary continues to work for world peace and conflict resolution.

The Paoli-Malvern-Berwyn Rotary Club has pledged its commitment to these ideals, supporting them with the individual and collective effort of its membership.
